The Croatian National Bank organises the Dubrovnik Economic Conference and Ante Čičin-Šain Lecture.

In cooperation with domestic and foreign institutions, the central bank organises the Dubrovnik Economic Conference, which includes the Young Economists' Seminar. The CNB also organises other conferences on current issues related to the central bank's area of operation. Furthermore, as part of the cooperation between the Croatian and Irish central banks, with the two banks alternating as hosts, the CNB hosts a conference dedicated to the first Governor of the independent Croatian National Bank and the first Ambassador of the Republic of Croatia to the Republic of Ireland, Dr. Ante Čičin-Šain.
