

TARGET2

Published: 21/7/2015 Modified: 4/4/2022

The TARGET2 is a payment system for the settlement of payment transactions in euro in real time on a gross basis. The TARGET2-HR national component started production operations on 1 February 2016.

The Trans-European Automated Real-time Gross settlement Express Transfer system (TARGET2) is a system with the Single Shared Platform (SSP), jointly operated for the Eurosystem's benefit by the Banca d'Italia, the Banque de France and the Deutsche Bundesbank.

The European Central Bank is the main supervisory authority for TARGET2.

TARGET2 was developed by the EU central banks with the aim of enabling a safe and efficient settlement of (national and cross-border) payment transactions in euro on the RTGS (Real Time Gross Settlement) principle, and facilitating the implementation of EU monetary policy.

TARGET2 is a centralised system that offers the same level of service to all its participants, which in terms of its legal structure, consists of several RTGS payment systems, TARGET2 national components.

The planning and structuring of the national process of migration, setting up and operational management of the TARGET2-HR national component are the responsibility of the CNB.

The TARGET2-HR national component started production operations on 1 February 2016 in accordance with the National SEPA Migration Plan.

CROATIAN AMI-PAY NSG ADVISORY GROUP

In order to foster and develop a safe and efficient payments infrastructure of the Eurosystem, the Advisory Group on Market Infrastructures for Payments (AMI-Pay) has adopted a mandate for the setting up of national advisory groups – Advisory Group on Market Infrastructures for Payments – National Stakeholder Group (AMI-Pay NSG).

In accordance with the AMI-Pay NSG mandate, the main task of the Croatian AMI-Pay NSG is to cooperate with the AMI-Pay in key issues related to the payments infrastructure operated by the Eurosystem, with the goal to provide support to the AMI-Pay in fulfilling its roles and responsibilities. The Croatian AMI-Pay NSG was established in November 2017. It is chaired by a representative of the Croatian National Bank and its members are the representatives of T2-HR participating institutions.

AMI-Pay NSG's contact e-mail address is ami-pay-nsg-hr@hnb.hr
